ACADEMY TRUST

*Achieving excellence together*

12<sup>th</sup> November 2021

Dear Parents and Carers,

The Great Heights Academy Trust is delighted that, following an Ofsted inspection at The Greetland Academy on 19<sup>th</sup> and 20<sup>th</sup> October 2021, the school has been awarded an outstanding grade. It is predicted that only a small number of schools nationally are expected to maintain their previous grade of outstanding, so this is a remarkable achievement. Over the course of the inspection the teachers, senior leadership team, school staff, governors, parents and most importantly the children were able to interact with the inspectors and demonstrate how much they valued the school and their experiences within it.

It was truly a privilege and a pleasure to see how impressed the inspectors were with so many aspects of our school; from the exceptionally high quality of education to the inclusive attitudes of the children. It was clear to them that The Greetland Academy is an excellent school in every aspect. What was even better was that it was clear that you could walk into the school on any given day and experience exactly what the inspectors saw. This is what really makes the school an outstanding one; to know that every single day, the children are given the very best experience possible.

The Trust would like to extend their thanks and congratulations to Mrs Crowther for her excellent leadership and for driving forward the high standards, which have resulted in such a resounding success. Our thanks also go out to the senior leadership team and of course to all the teachers, local governing body and school staff, who work so hard to ensure the children at The Greetland Academy are ambitious, brave, curious, healthy, respectful and united learners. We are pleased that the contribution of our trust leaders is also praised. We are incredibly proud of you all and so pleased that the school has been recognised as an outstanding provision for children.

With very best wishes,

Mrs A Bennett
